EDUCATION

University of Illinois Urbana-Champaign | Grainger College of Engineering **GPA: 4.00/4.00**
B.S. in Computer Science *Expected May 2027*
M.C.S. in Computer Science *Expected May 2028*
Study Abroad | Universidad Pontificia Comillas | Madrid, Spain January 2026 - May 2026

Relevant Coursework: Data Structures & Algorithms, System Programming, Computer Architecture, Programming Languages & Compilers, Distributed Systems, Applied Machine Learning, Data Mining

Honors: US Patent Holder, UIUC Dean's List (Fall 2024, Spring 2025, Fall 2025), Congressional App Challenge Winner, National Merit Scholarship Winner, Presidential Scholar Candidate, Illinois State Scholar

EXPERIENCE

RJReliance | Boomi Developer / Software Engineering Intern June 2026 - August 2026

- Evaluated and championed an AI-assisted Boomi development tool, designing the team workflow and presenting findings to leadership, leading to **company-wide adoption** and an early **~10x speedup** in development cycles
- Consulted clients on integration requirements and designed **Boomi** processes connecting enterprise systems
- Tested APIs using **Postman** and researched API documentation to build field mappings for data exchange
- Designed and tested a Boomi/**Azure** pipeline to provision Active Directory accounts from HR data via SFTP

UIUC CS | Course Assistant, CS 341: System Programming August 2026 - Present

- Held weekly office hours to help students debug C code and understand systems programming concepts
- Contributed to course development, including quizzes and new AI-based programming assignments

UIUC CS SAIL | Tech Lead October 2025 - Present

- Implemented and refined the website frontend from marketing designs for an event with 200+ participants
- Led the development team, recruiting and mentoring developers and coordinating technical projects and priorities

Theta Tau Professional Engineering Fraternity May 2025 - Present

- Engaged in professional development events to refine skills, support members, and foster collaboration

Lake Bluff Park District May 2021 - September 2025

Senior Aquatics Manager & Payroll Specialist | 2024-2025

- Managed over **100 staff** and administered payroll operations totaling **\$350K** across 20 different positions
- Directed staff training, scheduling, and daily facility operations to help maintain safety and a high quality of service

PROJECTS

Terminal Watch | VS Code API, TypeScript, Node.js | Developer Tool 2026

- Built a **VS Code Extension** to monitor terminal activity for configurable regex and fire native desktop notifications
- Works even in containers and surpassed **100+ installs** on the **VS Code Marketplace** after nine days live

Rush Hour | Next.js, Supabase, TanStack Query, Tailwind CSS | Full-Stack Progressive Web App 2026

- Built and deployed a full-stack **Next.js** app for fraternity rush with **Supabase** authentication and real-time data
- Designed a responsive UI with **Shadcn** and **Tailwind CSS**, validated inputs with **Zod**, and deployed live on **Vercel**

Ekewaka | React, Gemini, Google OAuth 2.0 | HackIllinois Hackathon Project 2025

- Built a financial tracking app that generates personalized, category-based spending insights to help realize goals
- Integrated **CapitalOne API** mock data with Gemini to process data and for natural language recommendations

Elemental Clash | React, Supabase, Gemini | Online Multiplayer Game 2025

- Led a four-member team to develop a real-time, online multiplayer game with competitive two-player mechanics
- Managed game-state through **Supabase Realtime** and generated dynamic in-game content via **Gemini API**

TECHNICAL SKILLS & CERTIFICATES

Stanford University, DeepLearning.AI

Advanced Learning Algorithms | 34 Hours 2023

Supervised Machine Learning: Regression and Classification | 33 Hours 2023

Boomi Associate Integration Developer Certification 2026

Languages: Python, Java, TypeScript, JavaScript, HTML, C++, C, Go, ASM, Swift, SQL, Dart, Verilog

Frameworks & Developer Tools: React, Node.js, Flutter, Git, Wails, Docker, Supabase, VS Code, Xcode

Libraries: NumPy, pandas, TensorFlow, PyTorch, TanStack Query, BeautifulSoup4, Matplotlib

Spoken Languages: English, French
